Our coaches and therapists support you in your professional **REBOOT**. Individual coaching is conducted at least twice per week.

In individual coaching, you will receive support in improving your professional and health situation. We like to work with you to increase your chances on the job market. We support you in finding the right path to successfully return to a self-determined life and/or working life.

The content includes, among other things:

- Getting to know you/activation
- Application coaching/aptitude assessment
- Self-marketing/analysis
- Communication training
- Language coaching (if required and approved)
- If required: Acquiring basic IT skills
- Social and psychosocial coaching
- Stabilization coaching/mobilization
- Career discovery
- Application coaching
- Development of future perspectives
- Coaching leading up to possible integration
- Strengths and weaknesses analysis
- Identification of skills and knowledge
- Identification and removal of barriers
- Competency analysis
